

Student Hunger Drive Ambassador Program

We will once again give students the opportunity to be “the face” of the Student Hunger Drive during the upcoming 6-week campaign. This student will handle media interviews during the drive and must be available at all Student Hunger Drive events, as well as possible interviews, outside of SHD events. This student must be well spoken and needs to feel comfortable in front of the camera. We feel strongly that the community wants to hear from our students...directly. This would be an incredible opportunity for students and would look incredible on a college application/resume.
